

ExpressVote®

Universal Voting System

Avoids Overvoting

The intuitive interface also alerts voters of ballot exceptions, like undervotes.

Easier-to-Read Ballots

Visual aids include high contrast and zoom functionality.

Multilingual

Supports any language in audio and 12+ in text.

ADA-Friendly

Audio-tactile keypad enables voters to control audio and navigate the ballot. The front access panel (above) features a headphone jack and a port for a sip-and-puff device or two-position rocker switch.

Simple Activation

The voter inserts a card to activate the voting session. After voting is complete, the vote summary card is dispensed for voter review.

An Accessible System with a Voter-Verifiable Paper Record

The ExpressVote is a reliable, secure and efficient system for election officials and their staff, poll workers and voters. The paper-based ExpressVote combines touchscreen voting technology with an integrated thermal printer to produce a paper record for tabulation.

EASY ELECTION MANAGEMENT

- Reduces costs by eliminating the need for printing and storing traditional pre-printed paper ballots.
- Simplifies post-election management because there are no unclear marks to adjudicate. Voters are prompted in real-time to address over/undervotes.
- Produces a voter-verifiable paper record that is scanned, tabulated and saved for auditing purposes.
- Maximizes your investment as it can be used many ways — in precincts and vote centers, during early voting and on Election Day.

POLL WORKERS LOVE IT

- Shorter Election Day for poll workers — six steps to open and two to close so they don't need to arrive as early or stay as late.
- Small, lightweight and easy to move and store.
- No ink to replace on Election Day.

A GREAT EXPERIENCE FOR VOTERS

- Enables all eligible voters to make their selections privately and independently. It is a fully compliant Americans with Disabilities Act (ADA) voting solution.
- Improves voter confidence because the interface prompts them if they've under/overvoted a contest.
- Provides voters the opportunity to review their selections twice before tabulation — on the summary screen and on the printed card.

SECURITY YOU CAN COUNT ON®

The ExpressVote offers so many security features, we couldn't include them all here. To learn more about the great lengths we go to protect our systems and data, visit [essvote.com/feature/security](https://www.essvote.com/feature/security).

“**Canvass and hand count went very smoothly; that ballot was easy to read and easy to determine the voter's intent. No overvotes.**”

VERA MCCORMICK,
KANAWHA, WEST VIRGINIA, COUNTY CLERK

SPECIFICATIONS

Ballot style capacity: Up to 15,000

Languages supported: Any language in audio and 12+ in text
